

# WoolTinker Sheep Coats

Gypsy Sheep Coats are individually handmade of Marine One XP fabric, a light weight fabric that assures protection from the environment while retaining color and strength in severe outdoor exposure. The fabric solves the sagging, wetting and extreme heat problems associated with acrylics and polyester fabrics. The Marine One XP fabric is made from solution dyed yarns and offers excellent light fast characteristics. Marine One XP has a special finish which allows it to protect against heavy rain while retaining breathability and dimensional stability. The fabric also has an anti-microbial component to prevent mildew growth on the fabric. Fabric or nylon webbing is used for the leg straps and a buckle can be added on larger sizes. Elastic cording on the neck and tail help to fit the coat to the sheep. The tail elastic has a cord lock to cinch the back tighter to prevent leg straps getting caught on the hock.

Size	Color Code	Price	Buckle Options	Amount	Totals
28 length x 30 girth	Red	\$17			
30 length x 34 girth	Orange	\$18			
32 length x 38 girth	Yellow	\$19
